FEATURED BUSINESS

5B's

5B's was created in 1980 as a specialty sewing business. It began as a small home based business and 38 years later is housed in a 170,000 square foot facility with over 180 employees.

Located in the Airport Business Park, 5B's has never lost sight of where the last 38 years in the embroidery business has brought them. This month, 5B's will break ground on a 55,000 square foot expansion to establish a screen print production and manufacturing, corporate administrative office, customer service, sales and marketing facility. This \$5.2 million investment will create 100 new jobs over the next three years.

From humble beginnings to the present, 5B's mission has remained the same and continues to be the backbone of the company - to be the best privately owned embroidery business in the world, serving you, our valued customer.
